

## **LAGOON 500 2012**

This Lagoon 500 has recently been on the market with a broker for US\$ 549,000 and is now being offered for sale by the owner at a reduced rate less the brokerage fee to US\$ 525,000

It is an owners version and has the most sought after 4 cabin layout which has a very large “master cabin” starboard aft, but still has a nice double cabin starboard forward with its own ensuite. This makes her ideal for private owner use, for a larger family that needs four cabins, or for luxury crewed charter.

She is one of the last Lagoon 500 that was ever built and was commissioned in 2012. She has spent her life in the Caribbean. Over the last couple of years it was owned by a couple who cruised the Caribbean. The previous owner used to occasionally operate limited basis luxury crewed charters with a professional captain and crew onboard. She has been lovingly cared for and has low hours on all of her systems as she was never a “burn and churn” bareboat.

Her inventory and equipment are second to none, she has all of the luxury appointments you would expect to find on a luxury catamaran.

She’s a turn key cat with no damage history and ready to work in luxury charter or to sailed off to your new adventures and around the world.

For sale by owner.

### **DIMENSIONS AND DETAILS**

LOA: 51 feet

LWL: 49 feet

Beam: 28 feet

Bridge clearance: 82 feet

Displacement: 37639 pounds

### **RECENT UPGRADES + IMPROVEMENTS**
